

Hope Elementary Charter School Student-Parent-Teacher-Administrator Compact Agreement

The mission of Hope is to provide children with the academic, emotional and social foundation necessary to launch a successful school experience. Our goal is to draw out the potential within every child by building accountability for student learning through parent, school staff and student. Students will be provided with leadership skills that will enable them to become visionaries and agents of change.

By 2008, 60 % of students in grades 3-5 will be at or above grade level as measured by the State of North Carolina End-of-Grade tests and all students will demonstrate growth.
